Dear Students and Parents,

On behalf of the staff at American Academy School, I am happy to welcome you to the 2016 – 2017 school year! We are looking forward to a productive partnership with you to ensure our children can achieve their highest potential. We recognize that in order to be successful in school, our children need support from both the home and school. We know a strong partnership with you will make a great difference in your child's education. As partners, we share the responsibility for our children's success and want you to know that we will do our very best to carry out our responsibilities. We urge you to guide and support your child's learning by ensuring that he/she:

- 1) Attends school daily and arrives on time, ready for the day's learning experience.
- 2) Completes all homework assignments given by teachers.
- 3) Reads daily to develop a love for reading and to improve literacy skills.
- 4) Shares school experiences with you so that you are aware of his/her school life.
- 5) Informs you if he/she needs additional support in any area or subject.
- 6) Knows that you expect him/her to succeed in school and go on to college.
- 7) Follow all the school rules and regulations.

I am attaching a copy of our school rules so that you and your child can review them together. If you have any questions about the rules and expectations, please feel free to contact me. It is very important that you and your child are fully informed regarding standards related to appropriate behavior for a safe and productive school year. Parents and students must read, understand and abide in any circumstances all the rules and regulations in the American Academy School Parent - Student Handbook. I am looking forward to working with all of you 2016 – 2017 as we plan together for a productive and stimulating new school year.

The wonderful American Academy School staff and I feel privileged to be a part of this school family. We thank you for your support and look forward to meeting you.

NEED TO KNOW

Section 1: NEED TO KNOW

The American Academy School was founded in 2000 and is under the supervision and guidance of the Ministry of Education. It follows internationally enriched American curriculum, serving a multicultural student body. It comprises of Kindergarten, Primary, Junior and High School.

SCHOOL VISION:

The American Academy School aims to be a center of academic excellence dedicated to producing leaders and global citizens of the future.

SCHOOL MISSION:

To meet modern education standards and to enforce the highest moral values aiming at developing students' potential through different teaching methods that help them acquire self-confidence and individuality in a multi-cultural environment.

Our Values

Honesty; Respect; Gratitude; Compassion; Responsibility

At American Academy School, we endeavor to instill good values to every child. The true worth of a person is based on the virtues he/she possesses.

Honesty: Students should know that they should be truthful to themselves and others. Students display honesty by doing their homework, completing their projects and assignments in the stipulated time.

Respect: It is important that students know to respect others irrespective of their religion, caste, creed, color, race, opinion and lifestyle. They should learn to treat others the way they want to be treated.

Gratitude: Students should know the good things that happen to them and not take anything for granted. Showing appreciation to others, being thankful to others goes a long way to be good human beings.

Compassion: American Academy School students need to be compassionate to the needs of others. Students can display compassion by helping the new student feel welcome, by respecting the opinions and ideas of others. Students can display compassion by helping a classmate understand the homework - not allowing the classmate to copy the work, but by explaining the work so s/he is better able to succeed on the test or quiz.

Responsibility: Every student takes ownership for their behavior, asks for help when needed and helps others in need. Students take the responsibility to come to school on time, be organized and be prepared to learn.

It is very important that every American Academy School student and staff member adheres and displays the American Academy School values on a regular basis. This will ensure a positive and a healthy climate in school.

There is room for teachers' remarks and notes to the parents, and for parents' notes and requests to the teacher as well.

The grading for all subjects includes behavior, project, classwork, homework, quizzes, monthly tests, and final exams.

HOMEWORK

At the end of every week the students will be provided with a Homework Schedule. Homework promotes individual responsibility, independent practice; good work habits and serves as a means and source of parental involvement. Homework on weekends is to be expected.
